

1) Product: **PIPE FIXING CLAMP**

2) Type: **IVAR.PPA**
IVAR.PPB

IVAR.PPB

IVAR.PPA

3) Characteristic of use:

- Fixing clamps are used to anchor pipes to a smooth base thermal insulation board.

4) Table with order codes and basic data:

CODE	TYPE	SPECIFICATION
PPA50	IVAR.PPA	50 mm
PPA75	IVAR.PPA	75 mm
PPB	IVAR.PPB	75 mm

5) Basic technical parameters:

IVAR.PPA 50 mm	for anchoring pipes to insulation boards up to 40 mm thick
IVAR.PPA 75 mm	for anchoring pipes to insulation boards over 50 mm thick
IVAR.PPB 75 mm bent	for anchoring pipes to insulation boards over 50 mm thick
For pipe size	Ø 16 ÷ 18 mm
Material	plastic ABS

6) Additional information:

- After installing smooth thermal insulation panels, we recommend laying a separation grid film IVAR.FR or IVAR.FRO and subsequently installing heating loops with an axial distance according to the project documentation.
